

Tribal Wastewater Operator Certification Series

What does this series cover?

Over this 10-part webinar series, we will cover everything from how to become certified, to an overview of different treatment processes, to specifics on the different parts of the processes including wastewater math. The series is specific to **Tribal wastewater system personnel in EPA Regions 6, 7, and 8.**

When will the series take place?

Webinar sessions will occur every 4 weeks on **Wednesdays from 1-3 pm MT/2-4 pm CT** beginning on December 11, 2024, and running through August 20, 2025.
